

## Catch-up Funding

Based on the assumption that All Saints will receive £7280 (80 x 91 pupils) this is an initial plan for the use of catch-up funding:

### Reading Catch-Up

£3280 will be put towards the cost of the newly created post of Reading Specialist (a Switch-On trained teaching assistant). The support will initially focus on pupils in Year 2 who have fallen behind in reading and writing. Some of these are also entitled to Pupil Premium. In the spring term 2021, this support will focus on Year 1 pupils. The Switch On approach will be used for pupils who need catch-up support. Reading Recovery strategies and materials will be used for pupils who are still in the very early stages of learning to read. All of the reading support will be on a 1-1 basis and will take place every day. Support for writing will focus on transcription skills and will take place with pairs of children or smaller groups.

### Well-being Interventions

£3000 will be put towards the cover of the Pastoral Leader so that more well-being interventions can be delivered. These will be based on observations of children's needs through the use of B Squared, Leuven Scale and Boxall Profile data. Programmes used will be based on need and could include: Drawing and Talking, Play Therapy, Lego Therapy, ELSA, Dealing with a Feeling.

### Continuing Professional Development

£1000 will be put towards staff training and development so that quality first teaching results in accelerated progress. This will include online courses and webinars and cover for coaching sessions with members of the senior leadership team.
