

supporting parents and
children to learn together

PEEP Little Sparkles

Little Sparkles is an adult learning course that supports children who would benefit from a little support to help bring their development along. This also includes support for speech and language.

Being in a big group is often overwhelming for some children and this group is particularly helpful in building the confidence of these children.

- At Little Sparkles you and your child can have fun, learn through play, and share your experiences at a pace that is more suited to your child's individual needs.
- You will be supported to share ideas, and new fun ways to help your child to play, grow, and learn at home.
- This is also a chance to meet other families and make new friends whilst supporting your child to reach their full potential.
