

peep

supporting parents and
children to learn together

Toddler Peep

For toddlers aged 1-2 years

Toddler Peep is a 6-week course which aims to build parents and carers confidence in supporting learning through play, particularly where limited play opportunities may be available.

Toddler Peep supports parent's and carers play and interaction with their child. It helps to support parent's confidence to understand their child's development and meet their individual needs through play.

Toddler Peep helps parents and carers to learn new ways of supporting your child's learning and development through everyday experiences.

By talking, singing, and playing together you can develop an understanding of how to continue your child's learning at home.

If you want to find out more you can:

- Get in touch by phone, email (details below).
- Have a look at our website.
- Just walk into one of our buildings where staff will be happy to help.
